Phone: +48 71 3680646

• e-mail: [agnieszka.bem@ue.wroc.pl](mailto:agnieszka.bem@ue.wroc.pl)

### Field of study:

**Social Sciences**

### Discipline:

**Economics and Finance**

### Department:

**Department of Corporate and  
Public Finance**

### Title / Position:

**Associate Professor**

### Links:

**www:**

<https://uew.pl/employee/120367/>

**Publications:**

<https://orcid.org/0000-0003-1653-6558>

**ORCID: 0000-0003-1653-6558**

### Academic specialization:

- ❖ Health economics (including public health economics)
- ❖ Public finance
- ❖ Corporate financial management

### Samples of PHD topics or areas:

- ❖ Organization and financing of healthcare, at both micro and macro levels
- ❖ Interrelationships between health and the economy
- ❖ Health inequalities and inequalities in access to services
- ❖ Management of healthcare organizations
- ❖ Financial management in healthcare institutions
- ❖ State budget, public debt, tax policy
- ❖ Income inequalities and inequalities of opportunity
- ❖ Guaranteed (basic) income
- ❖ Tax policy at the local government level
- ❖ Property tax
- ❖ Quality of life

## dr hab. Sebastian Bobowski, prof. UEW

**ORCID: 0000-0002-1723-313X**

### Academic specialization:

- ❖ international economic relations
- ❖ international business
- ❖ international trade
- ❖ globalization – integration – regionalization
- ❖ Innovativeness
- ❖ productivity

---

### Samples of PHD topics or areas:

- ❖ regional integration processes
- ❖ international trade and capital flows
- ❖ international labour flows
- ❖ competitiveness and innovativeness of enterprises, economies, regions
- ❖ cluster and network structures in international business
- ❖ multilateralism, mega-regionalism, bilateralism in international trade
- ❖ economic dimension of globalization – determinants, consequences
- ❖ global economic governance
- ❖ economic and financial crises in the contemporary world economy
- ❖ global/regional value chains

**ORCID: 0000-0002-6950-179X**

### Academic specialization:

- ❖ Insurance
- ❖ Finance and accounting of financial institutions (banks, insurance companies)
- ❖ Sustainable development in insurance
- ❖ Financial management
- ❖ Value management
- ❖ Valuation issues
- ❖ Assessment of financial condition
- ❖ Management accounting and Cost management
- ❖ Financial product management

### Samples of PHD topics or areas:

- ❖ Value and strategy management in insurance companies in the context of digital transformation and the development of AI
- ❖ The impact of new categories of risk (cyber, climate, pandemic, model risk) on the design of modern insurance products and risk management models
- ❖ The influence of DORA, the AI Act, and updated Solvency II requirements on financial management in insurance companies
- ❖ Interinstitutional relations within financial groups in the context of AI integration, data usage, and the alignment of sustainability strategies
- ❖ Valuation of insurance liabilities and assets under IFRS 17 and the application of AI models in actuarial processes
- ❖ The role of insurance in managing climate risk and transition risk for enterprises (SMEs, listed companies, capital groups)
- ❖ Design of modern financial and insurance products based on AI, big data, and personalization (behavioural insurance)
- ❖ Sustainability (ESG) strategies in insurance companies and banks – impact on financial stability and business models
- ❖ Non-financial reporting (ESG/CSRD) in financial institutions – challenges, impact on value, and managerial practices
- ❖ The impact of climate change on capital adequacy and reinsurance policies of insurance companies

## prof. dr hab. Stanisław Czaja

Phone: +48 71 3680489

• e-mail: [stanislaw.czaja@ue.wroc.pl](mailto:stanislaw.czaja@ue.wroc.pl)

**Field of study:**

**Social Sciences**

**Discipline:**

**Economics and Finance**

**www:**

<https://uew.pl/employee/120295/>

**Publications:**

**ORCID: 0000-0002-2878-5781**

### **Academic specialization:**

- ❖ Ecological and environmental economics
- ❖ Economic theory in the broad sense
- ❖ History of economic thought
- ❖ Ecological and economic issues
- ❖ Macroeconomics and microeconomics
- ❖ Economic development
- ❖ Financial challenges of the modern world
- ❖ Contemporary directions of economic development
- ❖ Cognitive and methodological challenges of modern economics
- ❖ Physicalization of modern economics
- ❖ Waste economics and illegal economic activity

### **Samples of PHD topics or areas:**

#### **Broadly understood issues of contemporary economics and management:**

- ❖ the information society and the knowledge-based economy
- ❖ the economics of sustainable development
- ❖ unconventional problems of contemporary economics and economic sciences

#### **Issues related to the supervisor's research:**

- ❖ challenges of contemporary economics and management
- ❖ development of economic research
- ❖ methodology and philosophy of economics
- ❖ commercialization of economic research ideas

**Field of study:**

**Social Sciences**

**Discipline:**

**Economics and Finance**

**Department:**

**Department of  
Microeconomics and  
Institutional Economics**

**Title / Position:**

**Academic specialization:**

- ❖ Institutional economics
- ❖ Behavioral economics
- ❖ Economics of the public sector
- ❖ Methodology of economics
- ❖ Economics of the public sector
- ❖ Digital economy
- ❖ Economics of crime

---

**Samples of PhD topics or areas:**

- ❖ Functioning of digital economy markets
- ❖ Issues of competitiveness
- ❖ Efficiency of the public sector
- ❖ Business strategies of enterprises in the digital economy
- ❖ Impact of the creative class on economic efficiency
- ❖ Impact of cryptocurrencies on the global financial system
- ❖ E-commerce Influence of social media on economic choices
- ❖ Functioning of enterprises in two-sided market
- ❖ Regulation in a free-market economy
- ❖ Application of psychology in explaining economic phenomena
- ❖ Operation and efficiency of the public sector
- ❖ Methodology in economic sciences

## dr hab. Paweł Dobrzański, prof. UEW

Phone: +48 71 3680177

• e-mail: [pawel.dobrzanski@ue.wroc.pl](mailto:pawel.dobrzanski@ue.wroc.pl)

### Field of study:

**Social Sciences**

**ORCID: 0000-0002-3137-7797**

### Academic specialization:

- ❖ Economic growth
- ❖ Productivity and innovation in economies
- ❖ Macroeconomics and microeconomics
- ❖ Economic policy
- ❖ Competitiveness and effectiveness of selected economic sectors
- ❖ Economic geography and regional development
- ❖ Smart cities
- ❖ The automotive sector in the economy
- ❖ Economic crises
- ❖ Income and social inequalities
- ❖ Innovation ecosystems

### Samples of PHD topics or areas:

- ❖ The impact of the green energy transition on long-term economic growth in European Union countries: Empirical analysis and scenario modelling
- ❖ Innovation ecosystems and regional competitiveness: A comparative analysis of technology clusters in Europe
- ❖ Measuring subjective well-being as an alternative to GDP: Designing indicators and implications for social policy
- ❖ The Middle-Income Trap in Central and Eastern European Countries: Institutional Barriers and Modernisation Strategies
- ❖ The effectiveness of state intervention in mitigating the effects of supply shocks (using the example of the COVID-19 pandemic and the war in Ukraine): A comparative analysis of fiscal and monetary instruments
- ❖ Determinants of regional development polarisation in Poland: The role of metropolises and EU cohesion policy
- ❖ Mechanisms of transmission of financial crises to the real economy: Lessons from the 2008+ global financial crisis and the pandemic
- ❖ The impact of automation and artificial intelligence on the structure of employment and income inequality in the perspective of 2030: Modelling social effects
- ❖ The transformation of the automotive industry towards electromobility: Analysis of the impact on the labour market and value chains in Poland

**Field of study:**

**Social Sciences**

**Discipline:**

**Economics and Finance**

**Department:**

**Ecological Economics**

Phone: +48 71 3680930

• e-mail: [zbigniew.dokurno@ue.wroc.pl](mailto:zbigniew.dokurno@ue.wroc.pl)

---

**Academic specialization:**

- ❖ Human capital modeling in knowledge- based economy
- ❖ Sustainable development
- ❖ Economic growth
- ❖ Public Health Economics
- ❖ Macroeconomics
- ❖ Natural Capital Valuation

---

**Samples of PHD topics or areas:**

- ❖ Modeling public health systems based on EBM and AI
- ❖ The endogenous human capital accumulation in sustainable economy
- ❖ The macroeconomy influence the natural capital valuation systems from the perspective of sustainable development and knowledge – based economy
- ❖ The modeling of innovations in the economic growth based on sustainable development
- ❖ Quality of life and well –being modeling from the perspective of sustainable development and institutional economics

- There is possibility to conduct the PhD research in English and involving the PhD candidate in the supervisor's research projects. The PhD candidate can achieve the recommendation for the fellowships in: ZEW – Leibniz Centre for European Economic, Munster University, Norway Research Council, Cambridge – Oxford Universities, ReadGene in Szczecin, Uniwersytet Opolski ). The required English level: B2 - C1.
